"YOU'LL LIKE OUR GOODS"

How you can make your Living-Room Attractive

THE above reproduction is of a living-room finished with Sherwin-Williams Flat-tone. Flat-tone is a color paint made especially for interior decorating. It produces a flat finish which can be washed with soap and water without injury. The color which you choose for the walls and ceiling of a room is the main factor around which the remaining decoration of the room is planned; it is therefore important that you should choose a color that will harmonize easily with the woodwork, furniture, rugs, etc. The great advantage of Sherwin-Williams Flat-tone is that the line contains such a large number of harmonious colors, that no matter what color scheme you may plan for your room, you can easily find this color in this line.

Come in and talk over your interior decorating with us and let us show you a color card of Sherwin-Williams Flat-tone Colors.

Central Alberta Horse Go Into Camp

OUR NEW REGIMENT PRESENTS GALLANT APPEARANCE

The Central Alberta Horse, under the command of Acting Major, Capt. J. Carlyle Moore, entrained yesterday morning for Calgary, where they are going into camp for two weeks. The members of the Pine Lake and Alix troops arrived in the city on Monday. The squadron formed up in the skating rink on Monday night and, led by the Red Deer Citizens Band, marched through the city to the Lyric Theatre, where they were entertained to a good show of pictures and songs, dances, etc., by a few of the citizens. Mayor Galbraith made a very appropriate speech to the troops, which was received with loud applause. The show lasted till 11:30. Capt. Cottingham and R. B. Welliver were instrumental in arranging the entertainment. The troops were at work early on Tuesday morning, entraining their horses and baggage, which was completed by about 8:30. At 8:55 the bugle sounded the fall in, and at 9 o'clock sharp the train pulled out to the sound of loud cheering from a fair sized crowd of citizens who had come to the depot to see them off. The officers in charge of the squadron were Acting Major, Capt. J. Carlyle Moore, Capt. Sandilmar, Lieutenants R. Fiske, Tom Walton, P. L. Brown, H. G. Scott and L. Page, with Sergeants Probst and Harvey, the Sergeant Major coming from the Alix troop. Quarter Master Sergeant, H. B. George, of the 35th Central Alberta Horse, left with his staff of men for Calgary on Monday, to prepare for the squadron arriving on Tuesday night. The C. Squadron of the 35th Central Alberta Horse pulled into Red Deer on a special train at 12:50 p.m. yesterday. This squadron was 42 strong, and looked a fine body of men. Major Miller was in charge of the squadron, and the following officers were present: Capt. Rihra, Lieutenant Elliott, Sergt. Major E. H. O'Brien, and Quarter Master Sergeant Peterkin. The Westsaskatoon squadron were joined at Lacombe by a troop from Coronation, so that the showing of the Central Alberta Horse will be a pretty good one in the camp. The train stayed in Red Deer for about an hour and a half. A number of the troops had strayed too far away, and had to run for the train, one very nearly getting under the wheels and two being left behind.

C. P. R. Officials and Board of Trade at Sylvan Lake

A number of C.P.R. officials, including District Superintendent W. J. Cren, Geo. Whiteley, Divisional Master Mechanic, A. N. Halkirk, Assistant Superintendent, and W. C. Donlevy, Agent, were the guests of the Red Deer Board of Trade on Friday and Saturday last in a visit to Sylvan Lake. It was the first time these officials had visited Sylvan Lake, and to say they were pleased with it does not fully express their views on the subject. The officials arrived in the city on Friday evening, and were met by some of the Board of Trade who had dinner with them, afterwards motoring out to inspect the high level bridge up the river, and a general look around the city, finishing up with accepting an invitation to the Social Club. On Saturday morning the party of officials, joined by Messrs. Botterill, T. A. Gaetz, W. E. Chadsey, G. W. Greene, J. Malcolm, S. L. Cunningham, P. W. C. Galbraith (Mayor), A. T. Stephenson (Commissioner), J. M. Campbell and Steve Wilson, proceeded to the Lake in autos, lent by the Board of Trade. The party arrived at the Lake without accident about 10:20 a.m., and having partaken of lunch, proceeded to enjoy themselves in a right royal way—boating and fishing, with a complete trip around the lake in gasoline launches. It was intended to hold a picnic out in the open, but a cracking good shower of rain put a stop to that, and recourse was had to the summer residence of G. W. Greene, which made a very welcome hostelry. Geo. Coutney, the proprietor of the Aurora Cafe in Red Deer, with his cook, had taken charge and looked after the inner man, and he put up a menu that would have attracted half Red Deer had they been made aware of what was on the boards. Most of the party returned to Red Deer on Saturday night, having had a real good time. This social interlude of the Board of Trade with the C.P.R. officials is a good thing. They laid themselves out to give their visitors a good time, and they did it. The visitors themselves speak in the highest terms possible of the action of the Board of Trade, and the way in which they entertained them, and on returning to Red Deer, late on Saturday night, they regretted very much their visit was so short. From what was said it is quite likely that one of the visitors will immediately purchase or build a cottage at the Lake.

Poplar Ridge

Mrs. Fred Hart and Mrs. F. A. Neilson and children took a trip to Whittensburg last week.

Mr. and Mrs. O'Bryen and family, of North Red Deer, were guests of Mr. and Mrs. Staples for a few days last week.

Rev. Bennett gave us one of his very excellent sermons Sunday afternoon, taking for his text part of I. Tim. 4:13, "Give attendance to reading."

Mr. and Mrs. George White, of East Red Deer, and Mrs. W. and daughter, of Calgary, were guests of Mr. and Mrs. J. Parker over Sunday.

See Red Deer West.

ROCKY MOUNTAIN HOUSE

Fatal Drowning Accident

Work on the C.P.R. bridge here has been suspended for a few days on account of one of the beams of falsework, supporting the truss span, having given about six inches. Chief Engineer McGregor is on the ground and it is expected that work will be resumed shortly. If this delay had not occurred, Supt. Frankish had hoped to be across the river by Saturday, 14th inst. Great progress has been made on this structure by the bridge company. Two men were being hoisted from the pier on to the deck of the bridge, Monday of last week, when the hoisting rope gave way, causing both men to fall into the river, a distance of 80 feet. One man swam in a half-dazed condition to the bank, but the other, Angus McPherson, from Prince Edward Island, drowned, his body never rising to the surface again.

Masons at Divine Service

Red Deer Lodge No. 12 and Kenilworth Lodge No. 29, A.F. & A.M., joined together on Sunday last to attend divine service in the Methodist Church. The morning was fine, and some seventy members turned up at the Lodge room, where the Worshipful Master of the Kenilworth Lodge, Bro. W. T. Gote, opened the service, and then turned the members over to Past Master Bro. Phil. Pidgeon, who was acting as Marshall. The members formed up in two lines outside of the Lodge room and marched to the Methodist church. Bro. Robt. Pearson, the Chaplain of the Kenilworth Lodge, and until recently the pastor of the Methodist church, preached a very telling and appropriate sermon suitable for the occasion. The choir also rendered some special music, the solo being well rendered by Madam Quigg. After the service was over, the members formed up outside the church and proceeded to march back to the Lodge rooms, where the Lodge was closed and the members dispersed.

Tent Meeting

Look out for the big tent meeting on City Square, Red Deer. Revival services every night at 8 o'clock from June 17th to 28th inclusive. Three services each Sunday, 10:30 a.m., 2 p.m., and 8 p.m. Rev. L. Milton Williams, the noted Evangelist, will be in charge from Friday, June 20th, to end of campaign. Come and hear this man.

Court of Revision

The Court of Revision was held last week, concluding its sittings Friday night. The assessment of L. B. Weis, J. L. Dale, C. LeGall, W. B. Galbraith, Judge Lees, J. H. Gaetz, Miss Whelan, Will-on Bros. and Mrs. Deighton, were reduced. The Alberta Central Railway total assessment was reduced to \$50,000. S. E. quarter 21, south of river, was reduced to \$1,250 per acre. West half of Riverview was assessed as average at \$100 per acre. The C.N.R. was assessed for right of way over section 21. A portion of 21, north of river and east of C.N.R., was reduced to \$1,000 per acre. Lot 26, block 18, 61 was struck out. Average of S.W. Quarter 19 was reduced to 151 acres. All other appeals were not allowed.

Boys' Camp at Sylvan Lake to be Enlarged

The Boys' Camp of the Calgary Y. M. C. A., which is held at Sylvan Lake each summer, is to be enlarged, and the campaign period extended to a month or six weeks. It is also likely that the camp will be moved across the lake to a larger and more suitable site. John M. Sharpe, of the Y.M.C.A. at the Lake, recently making the preliminary arrangements for the camp. Mr. Sharpe stated that the present site was not now suitable for a camp, surrounded by trees had pretty well surrounded it, and the growth of the town northward had made the location of the camp too near the town itself. Several sites across the Lake were inspected by Mr. Sharpe, in company with R. B. Woodsworth of Red Deer. The site which found most favor with them has splendid bathing and heating facilities, also room for tennis courts and a ball field. Several substantial buildings are on the property, and it is said that arrangements can be made for the Y.M.C.A. to secure either this or nearby property for the purposes of the camp for a nominal figure. In conjunction with the town of Red Deer, an immense regatta is to be held at the Lake on July 11 and 12. Special trains are to be run from Calgary to accommodate the excursionists.

Last evening Mrs. Fleming showed us a number of choice wild strawberries she picked yesterday afternoon.

Going Ahead With Buildings

Mr. Samuel, of the Red Deer Holdings, has word from the Old Country from Mr. McLennan that things are progressing all right with the Machine Co., and that it is the full intention of the Co. to go ahead with the construction of their buildings this summer as soon as possible. The Red Deer Nurseries, Ltd., have started their boilers going in connection with their greenhouses. Mr. Maxwell thinks the prospects are good enough to warrant the construction of two more greenhouse units, and these will be gone on with this year.

School Examinations

Examinations in Standards VIII, IX, and X will be held in the Red Deer School, commencing Monday next, June 24. There are 110 pupils trying the examinations here, and Inspector Hives will be the presiding examiner. It is not known as yet who will be his assistants. They will require four rooms of the school, one room more than formerly, to accommodate the pupils.

The regular meeting of the School Board was not held Wednesday evening last, owing to want of a quorum.

WILSON'S FLY PAD

POISON

Good housekeepers commence using Wilson's Fly Pads early in the season. Do it now. You will not kill many, but every one represents thousands that would infest your home later on.

How About Your Housework?

Noted doctors have said that housework is the best form of physical exercise for women—for it not only develops but beautifies.

The healthy woman ENJOYS her housework—she does not consider it a chore, but a pleasure in keeping things quick and clean—and it costs her practically no effort to do so—because she is HEALTHY.

Are you healthy? Do you find your housework pleasant and invigorating? Or do you dread it because you don't feel "just right"? That "don't feel just right" sensation may NOT be worth seeing a doctor about—but it is a pretty certain indication that you are suffering from Indigestion, Constipation, Bilelessness or Dyspepsia.

Next time you don't feel "just right" just try 15 drops of Mother Selig's Curative Syrup. You'll get relief—quickly.

England has TESTED and PROVEN, for over 40 years, its worth. There it is almost purely hereditary—Nature's own remedy for disordered stomach.

Price \$1.00. Trial size 50c.

You can get Mother Selig's Curative Syrup at

GAETZ-COHNETT DRUG & BOOK CO., LIMITED, Red Deer, Alta.

City Fathers Hold Busy Session

The regular meeting of the City Council was held Thursday evening last, with his worship Mayor F. W. Galbraith, in the chair, and all members present except Alderman Murray.

A letter was read from the Secretary of the Board of Health of Vermilion re: the Health Act.—Filed.

The Department of Buildings, Calgary, wrote asking for the Council's criticism of the Uniform Code.—Filed.

The Red Deer Agricultural Society were asking for a grant of \$2,500 for the fair in August and setting forth the improvement of the grounds. They had already done, laid over for further consideration.

G. S. Wilson, assistant secretary of the United Canadian Municipalities, was invited to the convention in July next with a paper of 800 words on any subject deemed of importance on that occasion. Left to Commissioners.

A. J. McTavish, contractor, of Edmonton, wrote asking for a copy of plans and specifications for sidewalks and water mains. If ready, Filed.

James White, secretary of the Commission of Conservancy, Ottawa, asked for information on cost of sewers, etc. Filed.

Seymour & Dave, city engineers, were enclosing estimates for work done by the Forest City Paving Co. during May. They informed the Council that they were able to allow only one cent per square foot of work done on Gaetz Ave. South on account of the work being unsatisfactory and not left in the condition called for by the specifications. They had also advised the Paving Co. that they would expect them to make good the defects.

Oversea Holdings, Limited, of London, England, were re: debentures. Filed. Commissioners to answer.

W. H. Hadley, secretary Dominion Day Sports, wrote asking for a guarantee of \$300 for sports on July 1st, also for use of the fair grounds, main building and booths.

Moved by S. N. Carswell, seconded by J. A. Carswell.—That the use of the Exhibition grounds, main building and booths be granted the Dominion Day Sports Committee on July 1st, and that in the case of a default we guarantee the committee up to \$300, as requested. Carried.

The Horticultural Society wrote comprising the application made by the President for a grant of \$100 towards the expenses of the Society. Will be taken up with estimates.

A letter in connection with the entertainment of the Light Horse, previous to their departure for camp from Capt. Cottingham and L. R. Welliver, was read and discussed, and referred to Commissioners.

Order, Hammond & Co., of the Red Deer townsite people, desired to have 3rd Street North closed where it crosses the Canadian Northern right of way to the townsite. They strenuously opposed and the members insisted on the agreement with the C.N.R. being carried out. The Commissioners and Solicitor will look into the matter up with the townsite people.

G. W. Smith, chairman, and S. N. Carswell, treasurer, Building Committee of the Methodist Church, asked for a 10 ft. foot cement sidewalk with curb and gutter laid, on Ross St. North side, from 2nd Ave. East to east side of the property.

The City Solicitor wrote re: Gerlach and Western General Electric Company dispute. He said the company, in his opinion, had no right to charge Mr. Gerlach for inspection as set out in his letter. And was also of the opinion that this is not a matter in which Mr. Gerlach should have called upon the town for advice.

Seymour & Dave sent in a copy of report sent to Col. Craikshank in connection with the proposed site for the armory.

A petition was received, from a number of ratepayers on 2nd St. S. E., Parkdale, for an extension of the sewer.

COMMISSIONERS' REPORT.

The Commissioners brought in the following report: Street grading has been done on the following streets: 3rd St. N.E. from Waskasoo Creek to Waskasoo Ave.; Ross St., from 1st Ave. E. to 2nd Ave. E.; 1st St. South, from 2nd Ave. E. to Creek Waskasoo Ave. from 5th St. North to 2nd St. North; top of Midland hill; 3rd Ave. East, from 1st St. South to Exhibition grounds. 3rd St. N.E. continued on 3rd St. North, 6th St. North and Gaetz Ave. South.

The re-covering of the approach of the traffic bridge has been completed and appears to be satisfactory. Later this year it may be necessary to do some work on the underpinning at present it can be left.

We submit herewith report of engineers on draining along near Parkdale.

Pursuant to your instructions, reports of physicians re: vaccination of tuberculous cases have been forwarded to the Provincial Health Department and to the local Board of Health of the cities and towns of Alberta.

We have had the principal streets cleaned of stones and rubbish and some gardeners cut. It would seem a great deal of work to be done, but we will have as much done as possible. It was necessary to disk up part of the City Square to disprove them there. The City is cleaner this year than ever before, due largely to the work of the Health Inspector, who has carried out his duties in a most efficient manner. The restaurants, laundries, lanes, etc., are regularly inspected and

bridges crossing the river, and thought the foreman was to blame.

It was explained that the anxiety of the engineer to get the work done as quickly as possible was partly the cause, as there were so many men at work they were in one another's way.

Moved by Aldermen Botterill and Carswell.—That the City Council, 323, 324 and 325, having received the assent of the ratepayers, be read a third time and finally passed, and the Secretary-Treasurer be authorized to sign the same in open Council and affix the corporate seal thereto. Carried.

A by-law, No. 327, regarding a special frontage tax for waterworks, moved by Alderman Carswell, and seconded by Alderman Carswell, was read a first, second and third time and finally carried.

A by-law, No. 328, dealing with exemption of certain properties for 1913, moved by Alderman Lord, seconded by Alderman Smith, was read a first, second and third time and finally passed.

Medical Health Officer, Dr. Sanderson, reported on the health of the city, and there were no new cases; and there were no other cases of contagious diseases in town.

Secretary Munro of the School Board wrote enclosing a letter from the Bank of Montreal, asking the Board to deposit daily the proportion of the school taxes collected for 1913.

Commissioner Stephenson replied to the communication of the Board, stating the City was willing to hand the Board a cheque weekly as taxes were collected.

The Bank of Montreal then asked that the Merchants Bank, the City Bank, be authorized to make a promise of this kind.

It was agreed that a copy of this letter be sent to the secretary of the School Board in addition to the letter from the Council.

SCHOOL ESTIMATES.

M. A. Munro, secretary of the School Board, wrote enclosing the estimates for Public School District No. 1 for 1913, amounting to \$27,605.45.

The estimates were as follows: Teachers' Salaries \$14,100.00
 Officials 620.00
 Janitors 1,900.00
 Fuel 1,800.00
 Light and Water 150.00
 Supplies 1,800.00
 Interest 1,000.00
 Grounds and Buildings 1,900.00
 Library 175.00
 Insurance 620.00
 Debentures 6,010.45
 Rent 300.00
 Taxes and Sewer Frontage 450.00
 Other expenditures 500.00

Less estimated gov. grants 3,700.00
 \$27,605.45

Alderman Botterill brought up the question of the residents of West Park petitioning for the place to be made a village. He thought that those interested should be made aware of the fact that the City had in mind the extension of its boundaries to take in West Park and Red Deer West, and by doing that the residents of that district would get the improvements that would be made.

Alderman Smith thought it was only reasonable that they should organize to get these improvements, and he was feeling against organizing into the City's limits as long as the Western General contract stood with the City.

Alderman Carswell thought it a pity to have villages springing up in all directions so close to the City, and should be condemned, because it did not help the villages or the City, but he was determined to hold.

The other Aldermen thought it was a matter of dealing with the Western General if possible, as the outside people left they would never have water and light service so long as these were as they were at the present time. This was one reason for the purchase of the Western General franchise.

The matter will be taken up later. Council adjourned at 11:30 o'clock.

Saturday, June 7.

O. Timari was in Calgary during the week.

Miss McLaughlin, teacher of the Lima school, spent the week end at the home of E. Matthei.

Mrs. J. J. Clausen left last week to visit her brother at Glaston.

The C.N.R. crew, under Mr. Sheppard, arrived last Tuesday at Eekville, and at once proceeded to raise the track and put the gravel under. The gravel was being made up by the crew and they were to move to Denham, east of Battleford. A smaller crew are continuing the work and will arrive at Denham as soon as the bridge is built across the Saskatchewan river.

Mr. Palm has the contract for putting a stone foundation under the residence of Mr. Evans and of building an addition to be used as drug store and office.

J. Lundberg has purchased the building and lot on the corner of Railway Ave. and Main St.

C. Dalby, who has been in Calgary during the last year, returned a few days ago, and was much surprised to see the rapid growth of the place during his absence.

The C.N.R. company have played a pumping engine east of the station and the engine has been used for the purpose of supplying their engines with water. No doubt a water tank will be built later.

Synopsis of Canadian North-west Land Regulations.

Any person who is the sole head of a family, or any male over 18 years of age, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-agency for the district.

Entry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother or sister of intending homesteader.

Duties.—Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres, solely owned and occupied by him or by his father, mother, son, daughter, brother or sister.

In certain districts a homesteader in good standing may pre-empt a quarter-section alongside his homestead. Price \$3.00 per acre.

Duties.—Must reside upon the homestead or pre-emption six months in each of six years from date of homestead entry (including the time required to earn homestead patent) and cultivate fifty acres extra.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may enter for a purchased homestead in certain districts. Price \$3.00 per acre. Duties.—Must reside six months in each of three years, cultivate fifty acres and erect a house worth \$300.00.

W. W. DORY,
 Deputy of the Minister of the Interior.

THE TRUTH GOOD ENOUGH FOR RED DEER.

The News has no sympathy with the wild catting, carried on by some of the real estate firms of Vancouver and other cities, of properties adjoining the city of Red Deer. In many instances accounts of Red Deer's growth are grossly exaggerated, and in some cases actually untrue. The truth regarding our city is good enough, and false statements should be frowned down. For instance, a Vancouver firm reported the G.T.R. as entering Red Deer. Another stated we had industries there that do not exist in our midst; others represented the A.C.R. yards with fifty tracks, all of which are contrary to facts. Subdivision property is being sold miles out in the country at exorbitant rates, and the poor, deluded purchasers will soon realize they have been duped and a black eye will be given our fair name. It is time the Council and Board of Trade took this question up, and warned the people against farm property in the neighborhood of the city as town lot subdivisions that they would be shown up unless they ceased their nefarious profession of apparent fraud.

Red Deer is holding her own with any of the towns or cities of the west. While business is quiet, as it is everywhere, there is a feeling of solid security in our growth in the future, and a feeling that we must maintain our good name at any cost. Therefore, we wish to emphasize again that the truth is good enough for Red Deer.

LAURIER CO-OPERATION WITH GERMANY.

The Berlin correspondent of the Radical Chronicle of London is said to have reported that the announcement of Mr. Churchill that Britain would build three ships to take the place of three "help up" by the Canadian Senate, has been received in silence by all or nearly all the German press. This Berlin reporter may be true, though it does come to the Radical Chronicle. Assuming it to be so, it goes to show how entirely in the same boat are the German press and the Laurier press. As a contemporary says, they both alike received Mr. Churchill's announcement "in silence," struck dumb; brothers in misfortune, they all alike, what else could be expected? For months past the German press and the Laurier press have been on the same side. As far as they could they worked together; to the utmost they wished together; when the Senate threw out the Naval Aid Bill, they rejoiced together, in the combined Laurier and German victory over Britain and the Empire. They had hardly stopped chuckling over how they had done the trick, when the man whom they each regarded as their particular "foe," Mr. Churchill, First Lord of the British Admiralty, arose in the British House of Commons, to announce that the British Government had decided to begin at once the construction of three battleships to take the place of those three battleships which Canada had offered but could not now provide, owing to the adverse vote in the Senate.

The virtual accomplices, the German press and the Laurier press, were alike struck dumb; but again, what else could be expected?

Fully two months ago, Mr. Churchill had declared that those three battleships were essential for the maintenance of a proper margin of strength for the naval defence of the whole Empire, and he had declared, if anything should happen to prevent Canada from supplying those three ships, then it would be necessary for the Motherland to do so.

Something has happened to prevent Canada, for the time, proceeding to build and supply those three battleships. Sir Wilfrid Laurier and his partisans in the House have co-operated with Germany throughout the session; the partizan majority in the Senate have co-operated with Sir Wilfrid Laurier, and between these three the Naval Aid Bill has been "held up," and Canada cannot now carry out the Government programme with the Motherland. The co-operation of Laurier and his Senators with Germany has, for the time, triumphed over the co-operation of Britain with Britain! This event has happened which Mr. Churchill fore-saw as possible; and

the British Government now, promptly, proceeds to do exactly what the First Lord of the Admiralty said would be essential in such an event.

Everything in connection with this matter has been open, honest, frank, both on the part of Mr. Churchill and on the part of Mr. Borden and the conduct of the British Government shows clearly that, according to the judgment of the British Admiralty, there is an "emergency" which had to be promptly met either by Canada or by the Motherland. —Frederick Gleaner.

THE WOOLEN INDUSTRY IN ENGLAND

"Next to agriculture the woolen industry is the oldest in the British Isles, yet everybody is quietly looking on while it is being ruined by foreign tariffs. During the last thirty years British exports of woolen and worsted manufactures have decreased fifty per cent., as the following will show: 1871 exports amounted to 27,182,385 pounds. In 1902 they had dropped to 15,261,350 pounds, a decrease of 11,921,035 pounds.

The imports during the same time were: 1871, 4,637,025 pounds; 1902, 10,751,730 pounds, an increase of 6,114,705 pounds during the same period. This has naturally caused a decrease in employment and wages of the British workpeople. One of the towns to suffer most from this was Huddersfield.

The number of people employed in this industry between 1870 and 1900 fell from 276,000 to 244,000, involving a loss of about 32,000 pounds a week in wages. What is the reason for this rapid decline? Simply that British woolen goods are shut out of the foreign markets by a prohibitive tariff. Russia imposes a duty of 70 to 100 per cent.; Germany, 33 to 66 per cent.; Belgium, 10 to 15 per cent.; France, 20 to 55 per cent.; Spain, 40 to 180 per cent.; Portugal, 100 to 300 per cent.; U.S.A., 100 per cent.; Argentina, 20 to 100 per cent.; Japan, 10 to 15 per cent.

To get out of this tariff the manufacturer moves his works to the foreign country, sells his goods on their market without paying duty, employs his labor there, throwing hundreds of workmen out of employment in Britain, and ships his surplus goods into the British markets without paying one cent of duty.

SENATE REFORM.

Having been requested by Sir Wilfrid Laurier to state his views on Senate reform, Hon. James Young wrote to him on November 24, 1906, advising that the Senators be elected by direct vote of the people for a ten-year period. In his letter, which is published in the last edition of his "Public Men and Public Life in Canada," Mr. Young said:

"I may add that the people feel 'more deeply on the Senate question' than appears on the surface, and 'you can scarcely find a Tory or a 'Grit who has not long ago made up his mind that it should be 'changed'; in other words, brought 'more into harmony with the recognized principles of popular government.'"

"Under these circumstances, if Mr. Borden had foreseen enough to declare for an elective Senate, he would put you in a tight place, and 'I also believe that if as Prime Minister, you add reform of the Senate by popular vote to the other great 'measures of your administration, it will place you on a plane with either Brown or Macdonald and add 'to the political triumphs you have 'already won.'"

AN EQUAL STANDARD. (Strathcona Plaindealer) Police raids upon houses of vice result almost invariably in the arrest of keepers and inmates, to be followed by the publication of their names, real or assumed, and later by accounts of their appearances in court and sentences imposed. Frequently there are frequenters—citizens obscure or well-known. These well known and eminently respectable but glaringly vicious citizens give their names, but not for publication; they are summoned to court but their names are paid secretly or by proxy. Their feelings are not outraged and their bank accounts are not seriously impaired. So is justice done in this enlightened Canada of ours. The victims, in the great majority of cases, are jailed for the night, fined or imprisoned, while the well-dressed villains who victimize them are spared even the pang of outraged feeling.

There is little doubt that the publication of the names of those taken in some of these raids would cause a very different and more serious view of the law and its enforcement.

London, June 11.—In the House of Commons today Winston Churchill, in reply to Lord Charles Beresford, said that it was not his intention to the question created by the rejection of the Canadian naval programme that his majesty's government was determined to have construction on three contract ships of this year's shipbuilding programme.

He could not guarantee that there would be no delay in their completion, and he was quite aware, as the speaker pointed out, that the Admiralty, the Princess Royal and the Audubons were not completed until seven months after their allotted dates, and likewise that New Zealand was not completed until three months after her date and that the Centurion and Australia were not completed until two months after.

London, June 11.—In the House of Commons today Winston Churchill, in reply to Lord Charles Beresford, said that it was not his intention to the question created by the rejection of the Canadian naval programme that his majesty's government was determined to have construction on three contract ships of this year's shipbuilding programme.

crimes. Just why an exception should be made of this heinous offence is hard to understand. If it were known that a so-called respectable citizen caught in one of these places would be exposed to public scorn and ridicule, many men of criminal bent would hesitate to threaten their names and their loved ones with such disgrace.

The best method would be to suppress all names and the sensational episodes in connection with such cases. The publication of lengthy descriptions of the hilarious orgies preceding the arrests and the personal appearance of the unfortunate adds nothing to the reading public's store of useful information. It tends only to arouse a prurient curiosity. In any case frequenters and inmates should be treated with equal severity. The unjust and partial method that has been in vogue should not be further tolerated.

EVERGREEN

(From Our Own Correspondent)

Joe Mottling came home recently after working in one of the B. C. coal mines for a year. He reports the wages better this year than ever. A baseball game was played up at Mr. Mottling's place last week. Among the players was Ed Mottling with his short game leg. There is going to be a game between the north and south muskie people on the 4th of July. I guess if you southerners want to win, you will have to start playing baseball.

Mr. and Mrs. Paul Leef, from Raven, Alta., were over home spending a couple of days. They left Monday for Raven again.

A bunch went up the north fork of the Raven river for a boat ride. Among them was Chas. C. Vanhorn and Willie. They say, try the Raven if you want to get wet or your boat to capsize.

Mr. C. C. Vanhorn was over at Raven spending a couple of days. The roads are in fairly good shape now.

Wm. Medlen left last week looking for work.

The rains recently made things look good again. The crops are coming along fine.

John Sare and son went to Red Deer last week to take up a homestead.

Henry Novotny came home last week. He has been working over at the Ravens.

Mrs. Levi Parker's father and mother have just arrived to visit for some time.

Otto Edle came home recently after working at the Ravens coal mines all winter and spring.

L. Parker left this week on his way to Macleod on business.

MITCHELL ELECTED BY ACCLAMATION.

Rassano, June 12.—The Hon. Chas. R. Mitchell, minister of public works, was elected today for the constituency of Bow River, by acclamation. The close of the time for nominations was two o'clock and no other nomination was handed in. The Conservative at a recent meeting decided that they would not contest the seat, the general impression being that they would do better to reserve their strength for another election.

Mr. Mitchell will thus be the member in place of George Lane, who resigned in Mr. Mitchell's favor. Mr. Mitchell has sent a message to the local Conservatives thanking them for their courtesy in allowing his election to go unopposed and assuring them that he will act impartially in regard to local affairs.

WILL FIGHT CHURCH UNION TO FINISH, DECLARE OPPONENTS.

Toronto, June 12.—The opponents of church union in the Presbyterian church held a meeting in St. Andrew's church last night and organized for an aggressive campaign. It was stated that three very wealthy Presbyterians had undertaken to finance the undertaking and that a weekly paper would be started. The remnant would continue the Presbyterian name in Canada.

NO INTEREST IN LIFE, WEALTHY COUPLE GO TOGETHER TO DEATH. Zurich, Switzerland, June 12.—Eugene Maggi and his wife, believed to be the wealthiest persons in Switzerland, committed suicide today simply because they lacked interest in life.

Eugene Maggi was only 41 years old and his wife 35. Their joint estates were estimated some time ago at \$10,000,000, and recently Maggi inherited the income from a number of extensive factories.

The couple had been married for a number of years but were greatly disappointed because their union had remained childless. They thought they were tired of their bed-room turned on the gas and were found dead today.

SENATE CASES DELAY.

Admiralty Determined to Rush Three Ships, But Delay Inevitable.

London, June 11.—In the House of Commons today Winston Churchill, in reply to Lord Charles Beresford, said that it was not his intention to the question created by the rejection of the Canadian naval programme that his majesty's government was determined to have construction on three contract ships of this year's shipbuilding programme.

WHERE FARMING IS PAYING WELL

Production in the New Glasgow Industrial District Cannot Keep Pace With the Demand

The town of New Glasgow, Nova Scotia, is selected by Mr. W. A. Craik in "The Canadian Countryman" as typical of many towns and cities in the Maritime Provinces where industries are bringing business and prosperity to both farmer and citizen. He points out that the revival of progress in the provinces by the sea, where there was stagnation for thirty years or more, is directly attributable to a single cause, namely, the development of industry. "Sydney, New Glasgow, Truro, Amherst, St. John, Halifax, Moncton and Sackville," says Mr. Craik, "to name a few leading examples, are all on the up grade because of what their industries are accomplishing, and, as the industrial zone advances, the whole country will respond to the call. It is the building of ships that was the basis of the former development of the Maritime Provinces. It will be the manufacture of many other commodities that will bring back those days of prosperity."

What benefit does the community derive from this industrial development? New Glasgow is far enough away from other towns to be self-contained. Therefore, its working classes spend their money at home. Wages are undoubtedly good as compared with the cost of living. The average pay of machinists ranges from \$2.50 to \$2.75 per day, while in the structural shops workers earn from \$2.00 to \$2.50 per day, the latter price being paid for good, all round men and riveters. Men who are capable of handling blue prints and acting as squad bosses in the structural shops get \$2.50 to \$3 per day. In the N. S. Steel and Coal Co. all the men employed in the same way are paid by the tonnage; helpers earn from \$2.50 to \$3 per day and rollers from \$3 to \$6 per day. Wages of ordinary laborers in New Glasgow are 17 1/2 cents per hour. Summing everything up, it is counted out between \$75,000 and \$100,000 cash in put into circulation every fortnight in New Glasgow, Stellarton and Westville, of which a 1 1/2 per cent is spent in New Glasgow stores.

The effect of the increasing industrial population on the agricultural situation is highly important. In Pictou County, which contains some of the best farming land in the Province, the number of abandoned farms is a depressing feature. Lack of markets was the direct cause of the agricultural slump, which led to the disappearance of a large section of the farming community. To-day young people do not leave the farm because there is no money in farming; in the New Glasgow district they leave because wages are so good in the factories and the life is attractive. Meanwhile prices of farm products are soaring and production cannot keep pace with the demand. A strong movement has been set on foot to already abandoned farms are being re-occupied and steps are being taken to encourage English settlers to come in and cultivate the soil.

The moral of New Glasgow's story is that commerce and agriculture will prosper in proportion to the industrial growth, and on the success of the industries will depend the welfare of the agricultural and commercial classes. Develop the industries and there will be a stable foundation on which farmers and merchants can build. Hammer them and all classes will feel the effect.

MOTIVE FOR MORTGAGING

Interesting Table Showing Why People Burden Their Property

In a recent inquiry on the mortgage question in the United States with a view to ascertaining the motive for mortgaging property, nine towns of Cattaraugus County, New York, showed the following results:

	Per Cent
For purchase money	64.55
For improvements	17.30
To pay previous mortgage	1.81
To pay debts	1.38
To use in business	1.68
To secure endorsements	1.40
To raise money for investment	5.00
To sink oil wells	2.00
To secure annuities	2.00
To pay off heirs	1.00
To support and family expenses	1.00
Sickness	1.00
Extravagance	1.00
Speculation	1.00
Miscellaneous	3.00
Total	80.24
No motive ascertained	19.76
Total	100.00

And further take notice that you are required to enter an appearance with the Clerk of the District Court of the District of Wetaskiwin on or before the 30th day of July, A.D. 1913, pursuant to the order of the Master in Chambers dated the 5th day of May, A.D. 1913.

AND FURTHER TAKE NOTICE THAT unless you enter an appearance with the said clerk on or before the said date, judgment may be signed against you by default and your interest in the said lands may be foreclosed.

Dollars and Forty-Eight (48) Cents together with interest thereon from the Twenty-first day of November, A.D. 1912, at the rate of eight per cent per annum and the costs of this action or an order that your interest in the South-West quarter of Section Thirty-Four (34) in Township Thirty-Six (36) in Range Twenty (20) East of the Fourth Meridian, lands situate in the Province of Alberta, be foreclosed, and that the said property be sold in the British and American Mortgage Company, Limited.

AND FURTHER TAKE NOTICE THAT unless you enter an appearance with the said clerk on or before the said date, judgment may be signed against you by default and your interest in the said lands may be foreclosed.

GRIFFIN, O'CONNOR & Co. Solicitors for the Plaintiff.

OUR WORST FOE

Dr. Hewitt Says the Fly Must be Extirminated

Dr. C. Gordon Hewitt, Dominion Zoologist, in an interview at Ottawa, regarding the fly which he is fighting so vigorously, said: "The fly should be regarded as a veritable pest of disease and decay; without doubt the most dangerous pest on the farm. Wherever there is filth, wherever there is uncleanliness, wherever there is insanitary conditions, flies are invariably attracted, and as they are cosmopolitan in their attention, they are potential disseminators of such bacteria as these substances may contain. It is not a question of eradication in the case of this insect; such is impossible. Control and prevention, however, are within the bounds of possibility, and these will be regarded as essential when the flies are more generally realized."

Do you believe all flies carry germs? Need a person regard every fly with distrust? was asked. "No house fly can be caught, indoors or out of doors, that is not carrying on its legs and body bacteria of all kinds, and the spread of germs and other organisms that accompany decay," he replied. "No living fly is free of bacteria, and these germs, which would be more than a miracle, its legs and body, proboscis and wings are covered with hairs and bristles, so that its legs may be compared to fine bristle brushes; it traces a kind of path of filth, and besmears itself with the microscopic bacteria and other decay-producing organisms, of which it cannot possibly rid itself, and flies about, winged and wandering bundle of bacteria. All this might be expected as flies fly, but the worst part in one's life would not be proof, and the proof is astonishing in its vindication. Any fly that enters a room, and is allowed to walk over a medium suitable for them, its legs and body will deposit the germs of these organisms in its tracks, which in a short time will be a mass of bacteria and decay-producing fungi."

It does not require any play of the imagination to see how a fly can carry about such germs, to infect them with the bacilli of typhoid fever, tuberculosis, infantile diarrhea, and other similarly infectious diseases. The only way to get rid of the fly is to kill it with a good preservative. That is, all refuse, manure and other filth should be quickly cleared away or destroyed."

Some fine young geldings and fillies for sale, broken and unbroken; also some half bred Hackney drivers, well broken, not afraid of autos, plenty of go in them, and will be sold reasonable. Apply to J. J. RICHARDS & SONS.

Red Deer, Jan. 29, 1913.

Things That Crawl!

Have you ever bought a suit of clothes that looked fine, when it was sent home, but after you had worn it for a few days, you found the collar "crawling" away from your neck, and you had to "hitch" and "pull" until you got it back again.

Then every time you put on that coat you just "hitched" and pulled again until it got to be a habit with you.

When a man hitches his coat he admits without confessing it, that he is a victim of poor tailoring. When your coat is made in the great Hobberlin tailor shops it is cut to fit. There's no hitching.

The collar clings to the neck—it hugs the shirt collar and it stays there. Hobberlin tailoring is hitchesless, is puckerless and there's never a wrinkle. Every garment is built for the owner man it is intended for—and it must be right or the money is returned.

Suits \$20.00 to \$40.00
Top Coats \$20.00 to \$50.00.

STANDING GRAIN COMPETITION

Every Farmer Should Enter

The directors of the Red Deer Agricultural Society, through the generous assistance of the Cunningham Land Co. and the Department of Agriculture, are offering \$400 in eight special prizes, four each for the best ten acres of Oats, and four each for the best ten acres of Barley.

These prizes are as follows:

OATS.			
1st	2nd	3rd	4th
\$100.00	\$50.00	\$35.00	\$15.00

BARLEY.			
1st	2nd	3rd	4th
\$100.00	\$50.00	\$35.00	\$15.00

RULES GOVERNING COMPETITION.

Fields entered for competition shall consist of not less than ten acres in a block and shall be situated within twenty miles of the headquarters of the Agricultural Society with which entry is made. The ten acres entered for competition must be selected before the arrival of the judge, and stated out in such a manner that the judge will be able to distinguish the block entered without difficulty. Neglect to do this will be considered a disqualification. In order to avoid mistakes and to secure information concerning methods of improvement, competitors should accompany the judge to the field.

Each competitor shall enter with one Agricultural Society only, and must be a member of that Society.

Each competitor shall be allowed to make one entry only in each class, and shall pay an entry fee of \$2 to the Secretary making entry, or to G. H. Lindsay.

The awards will be made by judges supplied by the Seed Branch, Provincial Department of Agriculture, and according to the following or similar scale of points:

Suitability of variety	Points
Freedom from weeds	25
Freedom from other varieties and other kinds of grain	20
Freedom from attack from smut, rust and insects	15
Apparent yield, considering vigor, growth and uniformity/size of head, stiffness of straw, thickness of stand and stage of maturity	30

Total 100
Entries shall be received on or before July 1st to the Secretary of the Agricultural Society.

The first or any prize need not be awarded unless, in the opinion of the judge, the exhibit is worthy.

SOME OF THE OBJECTS.

To stimulate a greater interest in the growing of first class seed grain.
To encourage the practice of growing seed for next year's crop separate from the main crop, using only the best obtainable seed, sowing on the cleanest and best prepared land, allowing it to thoroughly ripen and threshing and storing separately.

To obtain pure grain, i.e., free from other varieties, the presence of which can best be detected when the grain is growing.

To encourage the use of seed from heavy yielding strains.

To promote the growing of seed from clean, vigorous crops of uniform stand and with bright, stiff straw.

To encourage careful, intelligent farming, and the production of grain free from seed and other blemishes.

To encourage careful observation and careful hand weeding of the farm seed plot.

STATESMAN DEAD SPEAKS TO LIVING

Premier Flemming at the Memorial Service to Sir John A. Macdonald

Hon. J. K. Flemming was one of the principal speakers at the gathering in Queen's Park, Toronto, recently, of admirers of the late Sir John A. Macdonald, who met there to do honor to Canada's greatest statesman.

The following is from the Toronto Telegram:

"Amongst the speeches there was one utterance that came clear and forceful from Premier Flemming of New Brunswick, that will long remain in the memory of his hearers. 'The time has come,' he said, when the might and power of Canada must mingle and cooperate with the might and power of Great Britain, to make that power supreme. We must stand or fall together."

"I have no sympathy of the policy of the ripened fruit falling from the parent tree," he cried. "Let us continue what we are today, part of the greatest Empire the world has known."

"In the years to come we should stand for the principle of Canadian national and Imperial advancement. Let there be no division of this country; let us remain united and strengthen in every possible way the bond of union between the provinces. There is no schism now, let there be none."

"I'm a plain man," the speaker continued, "and I want to ask you has the time come when we should do something more towards the defence of the Empire, and with the Empire, Canada."

"It has," cried the crowd. "Borden's method of the proper one."

"It is," he was assured.

"We have sponged on the mother-

BRENT INHERITANCE

Case Made Lawyer Famous and Happy.

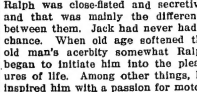

By HAROLD CARTER.

"Yes, the Brent case made me famous, I suppose," said the old lawyer thoughtfully. "At any rate, I am sure that it was the foundation of my fortune. Also, it gave me more real happiness than any case I have undertaken. You see, young Mrs. Brent deserved the inheritance, if ever any woman deserved one. She had actually redeemed her husband, had made a man of him—but let me tell the story in my own way."

"Theodore Brent was one of those pompous, self-sufficient, heartless, and withal scrupulously honest men whom Massachusetts used to turn out in the middle of the last century—a sort of transplanted survival of the John Bull type. I believe it is still flourishing in the old country. He had two sons, Ralph and Jack. Ralph inherited his father's business instincts and was slated for succession to the company after the father's death. Jack was a spendthrift, a wild young fellow, who was dismissed from Harvard, drank, gambled, and broke his father's heart—what there was of it. Whilst he had done nothing worthy of being disinherited. However, his father sent him west for five years to make a man of himself, failing success in which operation the money was to go entirely to the elder brother."

"When Jack Brent wrote home, a couple of years later, that he was married to an actress, the father, with the old prejudice against the stage, wrote back informing his younger son that he had cut him out of his will for good and all. He politely invited him to go to the devil and told him never to show his face in the east again."

"Ralph was not quite so quiet as his father imagined. In fact, where Jack was open-hearted and open-handed, Ralph was close-fisted and secretive, and that was mainly the difference between them. Jack had never had a chance. When old age softened the old man's acerbity somewhat Ralph began to initiate him into the ways of life. Among other things, he inspired him with a passion for motor-

"Zona Gale, writing a story called 'The Bridge' in the American magazine, presents a broker named John Gray dining at his club in New York. While he dines, Casseady is visited by a mental reclamation of himself called Littlechild. The story then goes on:

"'What's this?' said Littlechild over the soup. 'Green turtle. But I remember the chicken soup we used to have the day after mother had had boiled chicken dinner and dumplings. What's that? I don't know.' 'Solo.' The fish we used to have was baked brown on outside and whiter inside, with no hot gravy—oh, not like this at all. What's that? Mother wouldn't have named any fish tricks. But I can smell the roast beef when she was thickening the brown gravy just after she took the pan out of the wood stove oven—don't you know how we stopped to sniff with every armful of wood we brought in? Endive? I can't place it—you know we used to run out and get the lettuce last thing before we sat down at table—we got it from the shady part of the patch toward the well-house. Since what? Yes, but don't you remember her apple puddings with cinnamon in the sauce? Apples off the seedling that grew by the corn crib—'

"'Glad you pushed back by his chair. 'Want it right, sir?' asked the waiter anxiously.

"'Devilish right, thanks,' said Casseady.

Sleeplessness Cures.

If you are troubled with sleeplessness, try one of the following simple remedies before going to a doctor with the plea that he give you something to make you sleep:

Drink a glass of warm water before going to bed instead of the usual glass of cold water. Sip it slowly, and if possible eat a small biscuit or cracker with it.

Avoid all mental exercise for at least half an hour before retiring; allow the brain to rest and become calm before you attempt to sleep.

Stand before an open window and breathe deeply, inhaling through the mouth and exhaling through the nose; then lie down and continue doing this until you sleep overcomes you.

Keep the eyeballs looking down, or roll them from one side to the other, counting each time they move.

This is the principle by which we are told to count sheep leaping over a log. The sound of water dripping slowly into a pan or the ticking of a clock will occupy and quiet the brain and looking steadily at one object or a point of light will weary the bleating of light to weary, wakeful eyes.

Profits in Forestry.

The Vanderbilt experiment in forestry near Asheville, N. C., seems to be turning out very well. By a sale of large timber on 68,000 acres of mountain forest land at \$12 an acre, or \$516,000, to Louis Carr and J. P. Decker, George Vanderbilt will receive a profit of \$680,000 on an investment of \$136,000 made twenty years ago when he bought the land at \$2 an acre. In addition to this he retains the land itself and all timber under fourteen inches in diameter. The purchasers have two years in which to remove the 250,000,000 feet of lumber estimated to be on the tract. Mr. Vanderbilt retains about 15,000 acres immediately surrounding the mill house.

late is wrong and the Admiralty and the Right Hon. R. L. Borden are right.

"No man more than he (Sir John A. Macdonald) could have said, when the last call came, 'Thank God, I have done my duty.' His labors were great, his risk in attaining the office of those efforts in the prosperity which followed his work, the far-sighted statesman that he was."

much to the delight of the opposing party.

"As I've said, I went home and thought and thought and thought, and at last—I don't know why—I got out my big map of the United States and pored over it. Then I got my state map and pored over that. I had hoped to create some effect by the point at which I had noted—namely, that the two men had died in different states. In fact the road was the dividing line. I had found that the father and the father died in an adjoining one. But that didn't seem of any particular value—merely curious."

"I dozed off in my chair—and suddenly the significance of those maps came to me in the middle of a dream in which Quipp and I were fighting for the possession of a ghostly carburetor, which perished in trying to get into Quipp's pocket. I jumped up, yelling like a madman."

"Your Honor," I said, next day, 'the defence—I bring forward no witnesses. We accept the contention that the father died before the son. But I wish to point out that they died in different states.'"

"Here I brought out a map and re-examined a few of the witnesses of the other party. Nobody saw the significance of the event."

"What is your point?" asked the judge impatiently.

"This," I answered. "These states are divided on some maps by a thin line of red. It does not run parallel with any meridian—it is a purely arbitrary line separating the right to life as men have drawn it. It signifies that the standard time is one hour later on one side of the boundary than on the other. So the father died some fifty minutes after the son."

"And the court went wild."

"Yes, I don't mind admitting that I compromised rather than fight the matter out in the higher courts. But it was for half and half, not three-quarters and a quarter. I said that this case was the foundation of my fortune, didn't I? You see, after Jack Brent died I—Oh, please! come home to dinner and let me introduce you to my wife. But don't mention the Brent case to her."

Baptist Convention**SPLENDID ADDRESSES BY
LEADING MINISTERS**

TUESDAY.

The annual convention of the Alberta Baptists opened at 1 o'clock on Tuesday afternoon in the Baptist church, here. Tuesday afternoon was taken up by the Women's Missionary convention. Encouraging reports were read by the secretary, the corresponding secretary, the superintendent of hands and the superintendent of the bureau of literature.

The treasurer's report showed collections amounting to \$1,790.50. The president, Mrs. Sycamore, gave an inspiring address on "Stewardship," illustrating it by holding up a piece of brown paper cut in size to represent the proportion of money spent on soda water, candy, chewing gum and foreign missions. One of the chief utterances of her address was: "We have got into the habit of thinking it common to spend millions for motors, but nites for missions."

The convention made several changes in the constitution, and then proceeded to elect officers for the ensuing year, the result being as follows: Hon. president, Mrs. Sycamore; vice-president, Mrs. J. C. Sycamore; vice-presidents, Mrs. E. L. Hill, M. A. Mrs. Curtis and Mrs. McArthur; recording secretary, Mrs. Budd; corresponding secretary, Mrs. W. J. Craig, M.A.; treasurer, Mrs. W. E. Toney; superintendent of bureau of literature, Mrs. McTaggart; band superintendent, Miss Agnes Dwyson; circle organizers, Mrs. Stevens, Vermilion; Mrs. McArthur, Calgary; and Mrs. Allen, Edmonton.

THE EVENING SESSION.

The evening meeting was opened at 7.30 by Mrs. Sycamore, who was again in the chair. After a hymn and scripture reading, a long and very interesting letter was read by Mrs. Bagnall of the Peace River district. After the reading of the minutes, Mrs. D. McTaggart delivered a fascinating map talk on "Our Field." Resolutions were adopted endorsing the work of the Temperance and Moral Reform League, regretting the loss of the late Mrs. Stillwell and suggesting an annual offering for the work of the convention from the mission circles.

After a solo by Madame Quigg, of Red Deer, Mrs. J. J. Baker delivered an address on "Barriers to the development of women under eastern religions." This address received deep study and an intimate knowledge of the subject. The other side of the question was presented by Mrs. E. L. Hill, M.A., in an address on "Present day opportunities of

Christian womanhood for service."

WEDNESDAY.

The Baptist convention continued Wednesday morning with three simultaneous meetings. The ministerial session was held in the Presbyterian church, with the Rev. C. C. McLaurin in the chair. The duties and responsibilities of the deacon, of the clerk and church finances were among the subjects discussed.

The new officers and board of women's convention met in the Baptist church. Among other things, they decided to publish a monthly missionary bulletin. The general convention was opened at two o'clock, the Hon. A. C. Rutherford being in the chair. The summary of church reports presented by Mr. McLaurin showed 40 churches in all, \$22,018 paid for pastoral support, \$20,044 for general expenses, \$2,310 for building fund, and \$16,191 for missions. There have been 210 baptisms, 50 being at one Calgary church and 582 received by letter. The total membership is 3,171, with 30 Sunday Schools and 230 scholars.

There was some lively discussion.

One question was of having the Western Union year and the convention year end at the same time. A motion was carried endorsing this. Informal reports were presented from some of the churches by their representatives present.

NEW PASTORS INTRODUCED.

The introduction of the following new pastors followed, and their speeches provoked both laughter and applause: Deinson, of Olds; Green, of Lethbridge; Ritchie, of Innisfree; W. Miller, of High River; Cuddiford, of Vegreville; F. R. Julian, of Cairns; Brough, of Heath Church, Calgary; Johnson, of Rich Valley; Jordan, of Emmanuel Church, Calgary; Blundell, of Medicine Hat; and Sunstrom, superintendent of Scandinavian work.

One of these men had walked forty miles in order to attend the convention. The Rev. W. R. McGill, B.A., of Calgary, preached the annual convention sermon on spiritual growth and its relation to growth and progress in general.

In the evening addresses of welcome were made by Mayor Galbraith, the Rev. W. G. Brown, of the Presbyterian church, and the Rev. C. H. Huelski, secretary of the Lord's Day alliance, on behalf of the Methodist church.

The Hon. A. C. Rutherford replied, and in his address spoke of the Baptist church as a great pioneer missionary church. He advocated more attention to home mission effort, especially among foreign immigrants. The Rev. J. C. Stillwell, home on furlough from India, spoke for an hour on missionary work in the Telugu field, winding up with a strong appeal for help for the native missionary work.

THURSDAY.

Thursday morning's session started with a prayer meeting, after which the nominating committee brought in the following nominations, which were confirmed by the convention: Programmes—A. W. Ward, Rev. J. Bennett, E. R. Hill.

Reception, New Members and Ordination—Rev. C. C. McLaurin, Rev. J. Bennett, J. V. Lynn.

Resolution—Rev. H. L. Kempton, Rev. F. W. Dufor, Dr. Frith, A. C. Newcombe, Rev. Milton.

Social Service—Rev. M. A. McLagan, Rev. H. R. McGill, Rev. E. G. Blundell, Rev. W. P. Freeman, L. S. Stevens, F. E. Alger, Rev. Green.

Obituaries—Rev. C. C. McLaurin, Rev. M. T. Habbeshon, S. Grimwood.

Preacher for 1914—Rev. John Bennett.

OFFICERS.

The following officers and committees were then elected by ballot in full session of the convention:

President—Rev. J. C. Sycamore, Calgary.

Vice President—Rev. H. R. McGill, Edmonton.

Sec. Treas.—Mr. A. W. Ward, Calgary (re-elected by acclamation).

Supt. of Sunday Schools—Rev. J. C. Stillwell, Calgary.

Home Mission Board—Hon. A. C. Rutherford, Mr. A. W. Ward, Mr. Thomas Underwood, Mr. A. C. Newcombe, Dr. Frith, Mr. J. V. Lynn, Mr. W. Miller, Mr. E. R. Hill, Rev. H. A. McLean, Rev. W. P. Freeman, Rev. H. R. McGill, Rev. F. W. Patterson, Rev. J. E. Tyner, Rev. F. W. Dufor, Rev. H. G. Blundell, Rev. H. L. Kempton, B.A.

The following officers and committees were then elected by ballot in full session of the convention:

President—Rev. J. C. Sycamore, Calgary.

Vice President—Rev. H. R. McGill, Edmonton.

Sec. Treas.—Mr. A. W. Ward, Calgary (re-elected by acclamation).

Supt. of Sunday Schools—Rev. J. C. Stillwell, Calgary.

Home Mission Board—Hon. A. C. Rutherford, Mr. A. W. Ward, Mr. Thomas Underwood, Mr. A. C. Newcombe, Dr. Frith, Mr. J. V. Lynn, Mr. W. Miller, Mr. E. R. Hill, Rev. H. A. McLean, Rev. W. P. Freeman, Rev. H. R. McGill, Rev. F. W. Patterson, Rev. J. E. Tyner, Rev. F. W. Dufor, Rev. H. G. Blundell, Rev. H. L. Kempton, B.A.

The following officers and committees were then elected by ballot in full session of the convention:

President—Rev. J. C. Sycamore, Calgary.

Vice President—Rev. H. R. McGill, Edmonton.

Sec. Treas.—Mr. A. W. Ward, Calgary (re-elected by acclamation).

Supt. of Sunday Schools—Rev. J. C. Stillwell, Calgary.

Home Mission Board—Hon. A. C. Rutherford, Mr. A. W. Ward, Mr. Thomas Underwood, Mr. A. C. Newcombe, Dr. Frith, Mr. J. V. Lynn, Mr. W. Miller, Mr. E. R. Hill, Rev. H. A. McLean, Rev. W. P. Freeman, Rev. H. R. McGill, Rev. F. W. Patterson, Rev. J. E. Tyner, Rev. F. W. Dufor, Rev. H. G. Blundell, Rev. H. L. Kempton, B.A.

The following officers and committees were then elected by ballot in full session of the convention:

President—Rev. J. C. Sycamore, Calgary.

Vice President—Rev. H. R. McGill, Edmonton.

Sec. Treas.—Mr. A. W. Ward, Calgary (re-elected by acclamation).

Supt. of Sunday Schools—Rev. J. C. Stillwell, Calgary.

Home Mission Board—Hon. A. C. Rutherford, Mr. A. W. Ward, Mr. Thomas Underwood, Mr. A. C. Newcombe, Dr. Frith, Mr. J. V. Lynn, Mr. W. Miller, Mr. E. R. Hill, Rev. H. A. McLean, Rev. W. P. Freeman, Rev. H. R. McGill, Rev. F. W. Patterson, Rev. J. E. Tyner, Rev. F. W. Dufor, Rev. H. G. Blundell, Rev. H. L. Kempton, B.A.

The following officers and committees were then elected by ballot in full session of the convention:

President—Rev. J. C. Sycamore, Calgary.

Vice President—Rev. H. R. McGill, Edmonton.

Sec. Treas.—Mr. A. W. Ward, Calgary (re-elected by acclamation).

Supt. of Sunday Schools—Rev. J. C. Stillwell, Calgary.

Home Mission Board—Hon. A. C. Rutherford, Mr. A. W. Ward, Mr. Thomas Underwood, Mr. A. C. Newcombe, Dr. Frith, Mr. J. V. Lynn, Mr. W. Miller, Mr. E. R. Hill, Rev. H. A. McLean, Rev. W. P. Freeman, Rev. H. R. McGill, Rev. F. W. Patterson, Rev. J. E. Tyner, Rev. F. W. Dufor, Rev. H. G. Blundell, Rev. H. L. Kempton, B.A.

The following officers and committees were then elected by ballot in full session of the convention:

President—Rev. J. C. Sycamore, Calgary.

Vice President—Rev. H. R. McGill, Edmonton.

Sec. Treas.—Mr. A. W. Ward, Calgary (re-elected by acclamation).

Supt. of Sunday Schools—Rev. J. C. Stillwell, Calgary.

large amount of church business received attention. No controversial debate occurred and the reports indicated great progress and development, especially in the West.

Steps were taken during the afternoon to complete the union of various organizations of women, who are engaged in securing money for the missionary enterprises of the denomination. Of those the two largest have been the Women's Foreign Missionary Society and the Women's Home Missionary Society. These were originated many years ago, for the furtherance of their respective objects. During the past two years there has been a movement for their amalgamation and this has now been practically consummated. The two bodies will continue their separate existence for the current year but will get together next year, when several other women's organizations in the Eastern provinces will also be taken in.

Lacombe News

Zielie & Skelly have dissolved partnership.

Seven new cottages are taking erection at Gull Lake.

Boole & Johnston's new store is nearing completion.

Rev. F. W. Locke has been transferred to Crescent Heights Church, Calgary, and he preached his farewell sermon last Sunday.

Col. J. J. Gregory has an apple tree in full bloom on his property near town. He will have a great quantity of fruit if the season holds good.

The farmers are standing loyally by the Creamery, and it is claimed this year will be the best in the history of the institution. The grade of butter turned out is most excellent, and a large number of farmers are going into the dairying business this year.

For procuring a bottle of beer for an interested person, a young man was up before the magistrate on Tuesday evening. In this case the interdict was fined, as the party who procured the liquor for him did not know he was interdicted. The magistrates are determined to make an example of those breaking the liquor laws, and the police have been instructed to exert every effort to enforce the law.

The Lacombe Brick Company will have the season's first brick on the market in a few days. The plant is working full time now, and orders are booked for the entire output. The Lacombe brick is in great demand all through this section of Alberta, and Edmonton and Calgary contractors alone would take an unlimited quantity.

MURDERER NEAR CORONATION IN POLICE HANDS

Walks From Shack, Giving Self Up to Staff-Sergeant McBrayne

KILLED HOMESTEAD NEIGHBOR ON SATURDAY---CRIME DISCOVERED MONDAY

Coronation, June 10.—"I'll give you the reports that several others narrowly escaped death from his attacks."

IMPOSSIBLE TO ESCAPE. While it was impossible for the man to escape, in preparation for even fatalities, Staff Sergeant McBrayne was requested to attend from Stetler. Accordingly he took a number of men out with him in automobiles. Arriving at the scene, with the natural courage and bravery of the renowned police, McBrayne went direct to the shack. Main then came from in the building his hands above his head and exclaiming, "I'll give in."

ARMED POSSE ON CHASE. Supposed to have occurred on Saturday, but only learned of Monday, the murder took place three miles away from where Main took refuge. Immediately upon learning of the affair, a large posse of civilians arrived themselves and assisted the mounted police in their efforts to locate the man, which was done Monday morning, when he was found strongly barricaded in the shack. Fearing a repetition of the Toleda murder, when Corporal Detective Bailey was murdered, the members of the posse exercised the utmost caution, especially when it was known that Main started firing upon his pursuers. The report that one of the posse had been seriously wounded in the shoulder by one of the man's bullets, has not yet been confirmed.

Judgment Reserved in Clearwater Appeal Case

Argument was concluded yesterday afternoon in the Clearwater election appeal case, and their lordships reserved judgment. The last of the three counsel to address the court was Alex. Stuart, K.C., who appeared for Joseph Clarke, the independent candidate. He explained that his client might, by the counting of two of the disputed ballots, save his deposit of \$100.

The argument of the three counsel throughout the day, the others being Frank Ford, K.C., for McKenney, the official candidate, and C. C. McCaul, K.C., for Williamson Taylor, the Conservative, was to the effect that the Alberta election act, as it stood contained no provision for the returning officer counting the disputed ballots. That the law was deficient in this matter was acknowledged, but Mr. Ford contended there were ample other remedies for any who felt aggrieved in the matter, and it was for that reason that the act did not call on the returning officer to do so. It could be done at a recount, for instance.

Mr. Ford, in concluding, said that willful neglect could not be proved against the returning officer, for he could not be charged under that provision of the act which dealt with willful neglect that he could be sub-

Sport Notes of the Week

MARRIED MEN VS. FIREBALLS. The Married Men and Fireballs met in a great basketball game on Wednesday evening last, and when the dust had settled, dusk fallen, the dew come out, and the mosquitoes all been well fed, it was found that the Fireballs had won by the magnificent score of 19-11, a tally not often reached by the players in the Western Canada League. The married men led the score for one or two innings, but after that their pitcher, Jimmy Mann, took an ascension, and the Fireballs started a strong rally, even Lohsinger getting a hit, before Jimmy got down again. The Married Men's infield, consisting of Lew Minkler, Bonnick, Guy Edgington and Harry Wallace, were very good, but the outfield were rather nervous. Max Keeler and Hiram Doughty held down their positions very well as catchers. The Fireball infield did not let much pass them, but displayed some very poor judgment in base throwing. Harry Wallace, Guy Edgington and Lew Minkler got in some fine work with the batters, knocking out some regular old time league binges. Guy had hard luck in the fourth when he slammed out a homer, and after that he made a fair and square, a little later.

A. H. McKenney, umpired to the satisfaction of everybody.

MARRIED MEN VS. SINGLE. Some football enthusiasts are trying to arrange for a friendly fray, some night the end of this week, between the married men and the singles. The following is the prob-

able lineup of the bachelors, but it may be changed in one or two places: Goal—F. Ross; full backs—J. R. Gies; half backs—Brodie, Field, E. Roberts; forward—Gus Heyward, J. Steadman, Belderly and J. Goshlin. Reserve—A. Taylor, J. Mann, Chief of Police Anderson, Fire Chief Morris.

SINGLE MEN. The lineup of the single men is not known yet, but they have the following to choose from:

Goal—Vic Day, R. Hewson. Full backs—H. G. Scott, Buckingham, C. Smith, Perry. Half backs—Abney, W. Scott, McDonald, Roberts, Buckingham, Cliff Malvern.

Forwards—McKay, C. Carswell, J. Wright, P. Kent, Foster, Hopkins, Devoy, R. Steadman, Claws, Bert Miller, Roy Macdonald, Wink, R. Moore.

They can pick two strong teams out of these players, and the game should be one of the most interesting of the season. The married men will make the singles so nervous, especially if their better halves come out and root for them.

FOOTBALL. The School and Fire Brigade teams met on Wednesday night last, and a fast game ensued, ending in favor of the fire team by an goal to none. The game opened with the Firemen playing on, but short, but despite that fact they put in some good telling work, their four forwards showing good combination, and after a fine shot, which the goalkeeper handled, but allowed to slip between his legs, through the goal posts.

scoring the first and only goal of the match. This was hard lines for the school, but, nothing dismayed, they lost no efforts to get on equal terms, and from this time they had the better of the game to the finish, but were unable to score, although they had several easy chances. It must not be forgotten, however, that the Firemen played throughout with only ten men, which was a handicap. They came very near scoring again in a scrimmage around the School goal, the ball striking the under part of the cross bar. Their new centre forward, Foster, showed good form, supplying his other forwards with good passes. It was really to be seen that he has been used to combination play. The Firemen's forwards went off their play after the first goal was scored, and did a lot of wandering all over the field. It looked also as if a little too much selfishness is practised by some of their players, which is not good for the team as a whole. The School team played well all round, but lacked a steady head in the forward line. Freddy George gave a good exhibition after he had worn off a little nervousness in the first ten minutes. He had an experienced player against him in the person of Rube Geo who, however, played Freddy high, leniently, not using his weight or size against him to any great extent. On one or two occasions Freddy succeeded in upsetting the genial Rube, which tickled players and spectators alike.

ON THE TIRE. Great preparations are being made by the local horsemen for the first of July races in this driving class. Every night recently five or six horses have been on the track getting in shape, and some of them are doing very well. This sport has been rather backward in Red Deer in previous years, and we are glad to see these horse owners taking a keener interest in this line. The track is in fairly good shape, but several complaints have been heard from the horsemen regarding automobiles using the track at night when the horses are training. We would like to see the automobiles side-step in this matter and give the horses every chance, as there are only two weeks now to get in shape before the first. There are lots of beautiful drives around Red Deer, and there is no real reason for the automobiles using the track at night. Several of the horsemen have requested the automobilists, if they must use the track, to keep to the outside, but at the time of writing this request has not received much attention. If for nothing else than as a matter of courtesy, the automobilists might keep off the track until after July 1st, as one horse, at least, has sprained its ankle by stepping into a rut caused by these horning buggies.

ARDLEY NEWS. (From Our Own Correspondent.) The Sunday School exercises, held in the hall last Sunday, were a decided success. The children all took their parts splendidly, and Mr. Brown's recitation of "Lead Kindly Light" was very good. It was a lovely day, there being over two hundred children in the hall, and of foreign missions was a great deal more than was expected. Mr. and Mrs. Simpson were assisted by Mr. Little and all three must feel well rewarded.

Mr. Sweeney, of Content, has moved his blacksmith shop to Ardley, and will soon be ready for business. Mr. Sweeney is a first class blacksmith and should get a large share of the business.

Prod Guyne is having a recent foundation put under his house on 3rd St. North.

The large U.F.A. shed is nearing completion, and will be a credit to Ardley when finished.

Mrs. Gieson, of Calgary, is a visitor at the home of Mr. and Mrs. Hampton.

L. K. Eggenshaver has started his small business, an exceptionally large lunch to save this year.

R. H. Simpson has been putting some finishing touches on his big new building.

R. Hartman is on a business trip to Edmonton.

DEATH OF A RED DEER CITIZEN IN ENGLAND. News arrived by letter in Red Deer on Wednesday last, announcing the death of S. Mills, who had worked for G. W. Ball, the butcher, for a considerable time. The deceased was well liked here, and made many friends. He was a steady man, and had been working hard in view of making a trip to the Old Country last fall, with the intention of bringing his wife and mother on here to settle. We understand the passengers had been booked for the return journey, and it was understood that Mr. Mills would have moved out in business for himself in Red Deer or some neighboring town.

Mr. Mills was only a young man, and his early death is much regretted, and the citizens extend their sympathy to his widow and relatives. He was a native of Smithwick in the Midland Counties, England.

The Simplest CREAM SEPARATOR Ever Built — DE LAVAL

EXCELS ALL OTHERS not only in thoroughness of separation, sanitary cleanliness, ease of running and durability, but as well in its great simplicity. THERE IS NOTHING ABOUT THE OPERATION, CLEANING, adjustment or repair of a modern De Laval Cream Separator which requires expert knowledge or special tools. NOR ARE THERE ANY PARTS WHICH REQUIRE FREQUENT adjustment in order to maintain good running or to conform to varying conditions in the every-day use of a cream separator.

There is nothing about the machine that cannot be taken apart, removed or replaced by any one who can use a wrench or screw driver. In fact, the only tool which is needed in the use or the operation of a De Laval Cream Separator is the combination wrench and screw driver illustrated above, which is furnished free with every machine. Drop in some day soon and let us show you an up-to-date De Laval. You can see for yourself that it is built to give the best service.

Stewart Brothers, Penhold.

Local and General

C. W. Parke made a business trip to Edmonton this week.

Preparations for the Dominion Day sports are going ahead full steam.

Chas. Reeder left last week for Australia, via London, calling on the White Star liner Magellan.

W. C. Donlevy, C.P.R. agent, attended a meeting of city agents of the company in Calgary last week.

Read the ad. of the big Dominion Day sports at Red Deer, July 1st. Bigger and better than ever before.

The Red Deer Holdings have sold Kenilworth, the quarter section north of Woodlands, to a Scotch syndicate.

Mrs. J. G. Pope has been visiting her mother, Mrs. Armstrong. She returned to Edmonton on Sunday. Mrs. R. Biedie accompanied her.

John Fensor and Mr. and Mrs. James Fensor have left for a trip to the Old Country, sailing on the S.S. Corsican.

Father Basin left Saturday last for Marseilles, France, via New York, on the S.S. Canada of the Faber line.

Mrs. F. Carr, of Calgary, is visiting her parents, Mr. and Mrs. E. Carwell, prior to joining her husband at the coast.

Mr. W. T. Hawley has returned from a short trip to Vancouver, where he disposed of over \$75,000 of Red Deer subdivision property.

Chief Engineer MacGregor and Mr. Biedie, chief C.P.R. Construction Dept., are at present at Rocky Mountain House on company business.

Any citizen desiring flower plants can have same from Parks Superintendent, Jesse Halstead, by applying to him at the station park tomorrow (Thursday).

Tradesmen are requested to save all wooden boxes, etc., suitable for the London on Dominion Day. A wagon will call for same by arrangement with Secretary Halley.

A recital of the pupils of Miss Dehner will be given in the public school room on Tuesday, June 25th, at 8:15 p.m. There will be no private invitations issued, but the general public are cordially invited to be present.

M. Meeklenburg, A.M., the well and favorably known eye specialist, 315, Jasper E., Edmonton, phone 5225, will again be at Arlington Hotel, Red Deer, Saturday June 21. The best for eyes at the least expense.

Mrs. H. L. Cunningham, of Vegreville, was the guest of her mother, Mrs. J. A. Carwell, for a short time last week on her return from attending the provincial meeting of the W.A. of the Episcopal Church at Calgary.

Miss Bishop, of Calgary, was a visitor with Mrs. Lord on Monday of last week, on her way to visit her sister, Mrs. F. Vickers, of Lacombe, Miss Emmerson of Ottawa, daughter of Hon. H. R. Emmerson, was also with the party.

The Dominion Day Sports Committee are putting on a specialty in the form of a mounted relay race. This will be a novelty the citizens will appreciate. Charlie Smith, Jack McLennan and others have already promised to enter.

Charles Hives, of Penhold, student and lay reader, under service in St. Luke's church, Sunday last, and preached two very good sermons. Rev. C. W. G. Moore is away to the coast for a few weeks. Rev. Carson Dewdney, of Calgary, will take the services next Sunday.

Mrs. Bernard, of Calgary, President of the Women's Auxiliary of Alberta, will deliver an address to the Red Deer W.A. at the basement of the Parish Hall, on Friday evening next, June 20th, at 7:30 o'clock. Refreshments will be served. All members of the W.A. are urged to be present.

The supper will be the best part of the Hospital garden party, at Mrs. Woodworth's lawn, Thursday, June 26th. Admittance, including a good supper, only 35c. Music by the city band during supper and all the evening. Various games, lawn bowling, quoits—all free. Come early and stay late.

Ed Hunter, for a long time private secretary to E. Michener, M.P., left for the coast yesterday noon with his wife and family. Mr. Hunter is taking up another line of business. He made many friends during his stay in Red Deer, he having a very pleasant and jovial disposition, as well as always being ready to help out and cheer up anyone needing that kind of assistance.

Major W. H. Nelson will be up from Calgary on Friday, June 20th, to inspect the Red Deer Cadets. The inspection starts at 9:15 a.m. There are about forty boys in the school corps. The Cadet camp opens at Calgary on June 25th and continues for over a week. As the City of Red Deer has a patriotic celebration and sports on Dominion Day, the Red Deer Cadets are not going into camp.

The representative team of the Red Deer Gun Club were not successful in last week at South Edmonton in the Alberta champion hits, as they were the time previous, although they made a good showing, considering that they were on against some of the best shots in the province. Fred Lund got in the money in three of four different classes, and Dan Smith got second in the Canadian and a third in the Sweep. Better luck next time.

You'll like Red Deer West. L. O. L. meeting Friday, next. Miss Annie Rolfe is accompanying Mrs. Ed Hunter to the coast.

Charlie Rolands left for B. C. on Tuesday noon's train.

Miss Margaret Kingston is enjoying a rest at Sylvan Lake.

Lana Gillerson left on Friday last on a trip to Zurich, Switzerland.

Mrs. M. J. Manning, of Delburne, is the guest of Mrs. Carscallen.

Robert Geo will clean wells. Prices right. Leave orders at 101, Second St. South.

Mrs. R. L. Gaetz is spending a short time with her numerous friends in Red Deer.

Fortunate tellers from various nations will be at the Hospital garden party, June 26th.

Try Hamilton's home-made bread—"The bread that is different."

Miss Holman is enjoying a few holidays at Sylvan Lake before returning to her home near Didsbury.

Rev. T. H. Robertson, of Indianapolis, U.S.A., is visiting his sister, Mrs. W. P. Landman, 4th St. N.E.

Still they come, and satisfaction always given with repairs of musical instruments at Hadley & Webb's.

We are not too busy these days, and are able to take for you, or take over the organ question—Hadley & Webb.

T. A. Gaetz' big sale still goes on, and those who are looking for genuine bargains should take advantage of them while they last.

See M. Meeklenburg, the expert specialist, Saturday, at Arlington Hotel. You will get what your eyes require at moderate charges.

We are informed that the U.P.A. of Penhold will hold a grand picnic at that place on Saturday, 28th of June. Look out for further announcement.

G. H. Warren, of Toronto, and the head of the Red Deer Development Co., arrived in the city on Thursday, and will spend some time here in connection with his business.

The Presbyterian Sunday School enjoyed their annual outing at Waskasoo Park yesterday afternoon. The day was all that could be desired, and the children enjoyed themselves to the utmost in this beautiful new resort.

A. W. Foley will address a meeting of farmers in the board room at the Creamery on the poultry and egg question, on Monday, June 24th, at 2 p.m. It is possible that a co-operative society for eggs and poultry will be formed.

L. M. Gaetz and Fred Swanson made the trip to Edmonton a few days ago in Mr. Gaetz' car, and report the roads in the best of condition. Mr. Gaetz intends opening up a day-goods business in Edmonton in connection with C. E. Hall.

\$10 will start a Red Deer West account.

BIRTHS.

At Penhold, on Thursday, 5th of June, to Mr. and Mrs. Silman, a son.

In Red Deer, on Tuesday, June 10th, to Mr. and Mrs. Wise, a son.

At Red Deer, on Wednesday, June 11th, to Mr. and Mrs. M. L. Beckett, a son.

In Red Deer, on Wednesday, June 11th, to Mr. and Mrs. F. C. Whitehouse, a daughter.

At the Manor, Red Deer, on Friday, June 14th, to the Rev. and Mrs. W. G. Brown, a son.

In Red Deer, on Saturday, June 14th, to Mr. and Mrs. Jacob Lohb, a daughter.

MARRIAGE.

At the Manor, Red Deer, on Monday, June 10th, by the Rev. W. G. Brown, Miss Madeline Adelaide Reilly, of Lethbridge, Alta., to Mr. Robert Samuel Atkins, of Rocky Mountain House, Alta.

DEATH OF ALEX. LEARMOUTH.

Alex. Learmouth, who at one time was the manager of the Arlington Hotel, died suddenly from an attack of apoplexy, one day last week. He was a man well liked, having a host of friends, and his early death is very much to be regretted. His family will have the sympathy of everyone who knew him.

Tenders for Booths

Tenders for three (3) booths for supplying refreshments, candies, etc., for the Dominion Day sports on the Exhibition Grounds, July 1st, are called for. Tenders marked "Exhibition" must be sent to W. H. Hadley, P.O. Box 762, Red Deer, to reach him not later than June 25th. June 18

Football

The following men have been selected to play in the provincial match at Didsbury on Friday, July 26th, and will leave on the noon train: Goal, Ross (Calles); backs, Oliver (Calles), Smith (School); half backs, W. Scott and Sam Abbey (Firemen); Roberts (City); forwards, Devoy & Foster (Firemen) right, Buckingham (City) centre, Wright and Heyward (Firemen) left. Referee, Gibbons. McDonald, C. Carswell and R. Malcolm.

ONE FOR THE BACHELORS. The married football players of this city who, in the majority of cases, have lived a bit longer and know a bit more than the bachelors, think they could trim them to a finish, at a game of football, and would certainly have the support of the ladies. "Nuff sed."

Tennis Notes

The City Tennis Club played a friendly tournament with the High School players Thursday evening last on the School grounds. Though the results were decisive, favor the visiting players, there is promise of a good set of players being started at the School which will produce material well qualified to enter the provincial league. The results of the sets are as follows: Seymour and Hyde vs. Smith and McKenzie—6-2, 6-2.

Berne and Page vs. Gibson and D. Chadsey—7-5.

Woods and Webster vs. Muldrew and Galbraith—6-4, 6-4.

Mrs. Gastrell and Mr. Seymour vs. McKenzie and Smith—6-2 (one set).

Mrs. Gastrell and Mr. Seymour vs. Doughty and Chadsey—6-0 (one set).

The Red Deer Tennis Club sent a team up to the Edmonton Tennis and Bowling Club on Saturday last to play in a number of inter-club contests, but, unfortunately, the Edmonton club was too strong for the Red Deer team. The Red Deers reported having had a very enjoyable time, being entertained at the King Edward hotel for dinner and later in the evening at the theatre.

It is understood that the Edmonton Club will send a team here shortly to play a number of games, and the local club will entertain the visitors by giving a dance in the evening.

Farm Home Competition

The Red Deer Exhibition Association, besides their other attractions, will hold a competition this year for the best kept farm home, outside of town limits, and within a radius of ten miles north and south, east and west to the boundaries of the Red Deer constituency. House not necessarily to be considered at full value.

First prize by E. Michener, M.P.P., \$75.00; 2nd prize, \$50.00; 3rd prize, \$25.00.

IMPOSSIBILITIES OF YESTERDAY ARE REALIZATIONS OF TO-DAY

REASONS why you should have AN

I. X. L. VACUUM CLOTHES WASHER

PRICE - \$150

- 1—It is compressed air that does the work.
- 2—You can wash a tubful of clothes in THREE minutes.
- 3—COMPRESSED AIR and SUCTION are the latest known science for perfect cleaning.
- 4—There is no wear or tear on the clothes.
- 5—It eliminates all the hard work of washing.
- 6—You can time or blue a tubful of clothes in 30 SECONDS.
- 7—One hour's work will do only ordinary family washing.
- 8—It will last for years.
- 9—Anything that can be cleaned by soap and water or gasoline, can be cleaned perfectly without breaking a thread.
- 10—Three minutes in the SUCDS, TWO minutes in the boiler (if you boil your clothes), 20 SECONDS in the rinse water, and thirty SECONDS in the bluing water, will wash a tubful of white clothes.
- 11—Lace Curtains, Red Comforts, Fairy Sheet Waists, Woolen Blankets, Overalls, and even Horse Blankets can be washed perfectly without any wear or tear on the goods.
- 12—It forces the water through the fabric.
- 13—The finest fabrics can be washed in the same tub with ordinary white clothes with no possible injury.
- 14—The work that in the old days took an hour to do on a rubbing board can be done in THREE minutes without any hard work.
- 15—You can use the machine in the boiler, thereby forcing the steam through the clothes, which bleaches and whitens them.
- 16—It only costs \$1.50 and will save at least \$50.00 per year in your home by not wearing out your clothes.
- 17—The Washing Machine only weighs 11-1 pounds.
- 18—You can do all your Dry Cleaning with this machine. You simply use gasoline in place of water.
